WHY TEACH MUSIC IN OUR SCHOOLS?

MUSIC IS...

... a science, mathematical, a foreign language, history, physical education, language arts, business, and technology.

MUSIC IS TAUGHT IN SCHOOLS...

... not because one is expected to major in music, not because one is expected to perform all through life, not so one can relax, and not so one can have fun, but: So one will be human, so one will recognize beauty, so one will be sensitive, so one will be closer to an infinite beyond this world, so one will have more love, more compassion, more gentleness, more good, in short: MORE LIFE.
